

## Early Learning Opportunities Policy

At Sunny Days we recognise that children learn in different ways and at different rates and plan for this accordingly. Our aim is to support all children attending the nursery to attain their maximum potential within their individual capabilities.

We provide a positive play environment for every child, so they may develop good social skills and an appreciation of all aspects of this country's multi-cultural society. We plan learning experiences to ensure, as far as practical, there is equality of opportunity for all children and a celebration of diversity.

We maintain a personalised record of every child's development, showing their abilities, progress, interests and areas needing further staff or parental assistance using an electronic system called iConnect.

We implement the Early Years Foundation Stage (EYFS) set by the Department for Education that sets standards to ensure all children learn and develop well. We support and enhance children's learning and development holistically through play-based activities. We review all aspects of learning and development and ensure a flexible approach is maintained, which responds quickly to children's learning and developmental needs. We develop tailor-made activities based on observations which inform future planning and draw on children's needs and interests. This is promoted through a balance of adult-led and child-initiated opportunities both indoors and outdoors.

We acknowledge parents as primary educators and encourage parental involvement as outlined in our Parents and Carers as Partners policy. We build strong home links in order to enhance and extend children's learning both within the nursery environment and in the child's home. Parents have access to their children's learning and progress through an electronic system called ParentZone which synchronises with our iConnect system.

We share information about the EYFS curriculum with parents and signpost them to further support via the following websites:

## Visits and Outings Policy

At Sunny Days we offer children a range of local outings including walks and visits off the premises. We believe that planned outings and visits complement and enhance the learning opportunities inside the nursery environment and extend children's experiences. We always seek parents' permission for children to be included in such outings.

Visits and outings are carefully planned using our practices and guidelines, whatever the length or destination of the visit.

### **Risk assessment/outings plan**

The full risk assessment and outing plan will be displayed for parents to see before giving consent. This plan will include details of:

- The name of the designated person in charge - the outing leader
- The name of the place where the visit will take place
- The estimated time of departure and arrival
- The number of children, age range of children, the ratio of staff to children, children's individual needs and the group size
- The equipment needed for the trip, i.e. first aid kit, mobile phone, coats, safety reins, pushchairs, rucksack, packed lunch etc.
- Staff contact numbers
- Method of transportation and travel arrangements (including the route)
- Financial arrangements
- Emergency procedures
- The name of the designated first aider and the first aid provision
- Links to the child's learning and development needs.

### **Use of vehicles for outings**

- All staff members shall inform parents in advance of any visits or outings involving the transportation of children away from the nursery
- The arrangements for transporting children will always be carefully planned and where necessary additional people will be recruited to ensure the safety of the children. This is particularly important where children with disabilities are concerned

- All vehicles used in transporting children are properly licensed, inspected and maintained. Regular checks are made to the nursery vehicle e.g. tyres, lights etc. and a logbook of maintenance, repairs and services is maintained
- The nursery vehicle is to be kept in proper working order, is fully insured for business use and is protected by comprehensive breakdown cover
- Drivers of vehicles are adequately insured
- All vehicles used are fitted to the supplier's instructions with sufficient numbers of safety restraints appropriate to the age/weight of the children carried in the vehicle. Any mini buses/coaches are fitted with 3-point seat belts
- When we use a mini bus, we check that the driver is over 21 years of age and holds a Passenger Carrying Vehicle (PCV) driving licence. This entitles the driver to transport up to 16 passengers
- When children are being transported, we maintain ratios.

When planning a trip or outing using vehicles, records of vehicles and drivers including licenses, MOT certificates and business use insurance are checked. If a vehicle is used for outings the following practices will be followed:

- Ensure seat belts, child seats and booster seats are used
- Ensure the maximum seating is not exceeded
- All children will be accompanied by a registered member of staff
- No child will be left in a vehicle unattended
- Extra care will be taken when getting into or out of a vehicle
- The vehicle will be equipped with a fire extinguisher and emergency kit containing warning triangle, torch, blankets, wheel changing equipment etc.

### **Lost children**

In the event of a child being lost, the Lost Child Practices will be followed. Any incidents or accidents will be recorded in writing and Ofsted will be contacted and informed of any incidents.

There may be opportunities for parents to assist on outings. The manager will speak to parents prior to the visit regarding health and safety and code of conduct.
